

Tri-County Christian Center Assemblies of God

Your church is changing the world!

Thank you for committing to feed children through feedONE, Your support and feedback will continue to be a big part of us working toward that goal. We are so thankful for your support and for walking alongside us on this mission to end hunger.

We believe the feedONE has the potential for feeding hundreds of thousands of children.

Here is a snapshot of how your church is making a difference:

Last month raised to feed children:	\$100.00
Current children being fed monthly:	10
Total raised this calendar year	\$590.00
Lifetime total raised to feed children:	\$2,634.75

Our goal is to partner with you in a long-term relationship that will engage your church on the biblical mandate of feeding the hungry.

As we continue to provide you with quarterly updates, here are three way you can share the impact with your church:

- Share with your church the numbers of kids being fed and total dollars raised.
- Share a story from the field that we have passed along to you and encourage them to keep giving.
- Give your church members the opportunity to support a child if they haven't done so already.

Please let us know how we can best resource and celebrate all God is doing through your church to end hunger.

Until all are fed, thank you for making a difference.

The feedONE Team

"If you can't feed a hundred, then just feed one."

Mother Theresa
